GHOULS NIGHT OUT!

Alpha 5 chattered excitedly as a multi-coloured rainbow of light burst into existence and the Power Teens stepped from the teleporter pad.

"Ai ai ai! I can't believe it's here at last!" he said.

"Ready to go Alpha?" asked Adam.

"You bet!" said Alpha eagerly.

There was another multi-coloured flare of light and the Command Centre was silent and Zordon was left alone.

It was Hallowe'en, and the only night of the year Alpha could leave the Centre without attracting attention. Nobody would notice an extra robot among the pirates, witches, zombies and ghosts on the streets of Angel Grove that night.

"That's a great costume your friend has there," said a lady to Rocky, patting Alpha on the head. The six friends grinned.

"Perfect!" said Lord Zedd, his telescopic Zedd Vision trained on Angel Grove. "We'll kidnap Alpha 5 and hold him for ransom. The Sword of Light will be enough. I'll use it to power Serpenterra, then I can finally conquer Earth!"

"Bones and Pumpkin Rapper are the perfect monsters for the job," suggested Rita.

"Very well, send them down!" ordered Zedd.

"Trick or treat?!" sneered Bones and Pumpkin Rapper as they materialised before the Power Teens. They bundled Alpha into a sack before the friends could act, and vanished as quickly as they came.

"Oh no!" cried Kimberly.

Tommy's wrist communicator bleeped into life. "Rangers, Lord Zedd is demanding the Sword of Light in exchange for Alpha's return!

He wants you to hand it over to Bones and Pumpkin Rapper in the park."

"But that's the sword that enabled us to make the Power Transfer to Rocky, Adam and Aisha," gasped Tommy.

"I know," said Zordon, "In Zedd and Rita's hands it could cause great chaos!"

"But we can't desert Alpha!" protested Aisha.

"You're right," said Adam. "We'll have to give them the Sword of Light."

"Then it's Morphin Time!" cried Tommy.

TIGER ZORD! MASTODON! PTERODACTYL! TRICERATOPS! SABRETOOTH TIGER! TYRANNOSAURUS! The Mighty Morphin Power Rangers were ready for action! They immediately teleported to the Command Centre to collect the Sword of Light.

Meanwhile Alpha was being held captive in a cave.

"Putties guard the robot!" ordered Bones gruffly as he and Pumpkin Rapper left to meet the Rangers. The Putties gathered round the flustered Alpha 5.

"Shoo!" he squealed. He flailed his arms about wildly and accidentally hit a Putty on its medallion. It barely had time to look surprised before it blew apart - hitting several other Putties on their chest medallions as it did so. One by one they vanished.

"Oh dear, I'm so clumsy!" muttered Alpha before he realised that there were no more Putties left. He'd taken them all out by mistake! "Ai ai ai! I must stop the Rangers from handing over the Sword of Light!" he cried.

The Rangers were waiting in the park as Bones and Pumpkin Rapper swaggered towards them.

"Where is it?" demanded Pumpkin Rapper.

"You and your ghoul-friend are making a grave mistake," said the White Ranger as he stepped forward with the Sword.

"This defeat will haunt you for the rest of your lives, Rangers!" sneered the skeletal scoundrel as his bony grip closed about the hilt.

Then the Blue Ranger noticed a little figure running desperately towards them across the park, waving its arms.

"Wait it's Alpha! He's free! Don't give them the sword!" he yelled.

"Curses!" spat Bones.

The White Ranger snatched the sword back. "Looks like you spook too soon, Didn't ex-spectre fight, did you, Bonehead?" he said.

"Ha! You don't stand a ghost of a chance, Rangers!" cried Pumpkin Rapper as one of Lord Zedd's spheres exploded and Bones and Pumpkin Rapper grew to giant size. The Power Rangers summoned the Thunderzords. The Red Dragon Thunderzord switched to Warrior Mode and docked with the others. They locked around it, encasing it in Zord armour, as they became Thunder Megazord! Together with the White Tiger Zord in Warrior Mode they braced for the attack of the titanic

trouble makers.

"Scared yet, Rangers?" asked Pumpkin Rapper, twirling an electro-vine round his head like a lasso. "Then maybe this will give you a shock!" he cried and flung the vine at Thunder Megazord. Jolts of electricity slammed through the Zord, threatening to blow its circuits.

Bones lunged at White Tiger Zord, but the White Ranger was too quick for him and Tiger Zord stepped aside. Bones tripped and fell to pieces as he hit the ground before exploding.

Pumpkin Rapper flung out another electrified vine. This time Thunder Megazord caught it in a giant metal fist.

"I'll reverse the power flow," said the Blue Ranger. "That way we can give him a shock of his own!" He punched a button. A bolt of Zord Power shot back along the vine towards Pumpkin Rapper. It was so strong it made his head light up like a Jack O'Lantern. It shone briefly over Angel Grove for a moment before it exploded and Pumpkin Rapper vanished for good.

"Guess he just got a little light-headed!" said the Black Ranger. Back at the Command Centre, the White Ranger placed the Sword of Light back in its vault.

"So, same time next year, Alpha?" asked the Red Ranger. "Hallowe'ens are becoming too exciting," said Alpha 5. "I'm going to stay in the Command Centre for a spell - say five hundred years?"

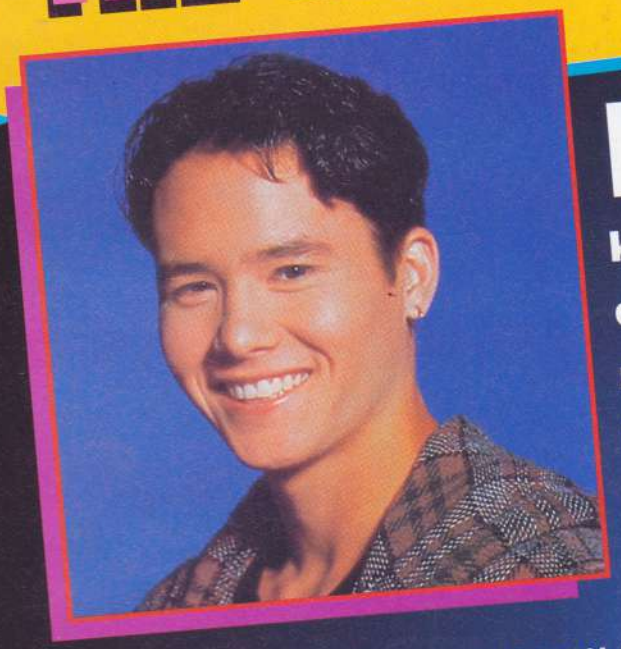
A MESSAGE FROM ADAM-

THE NEW BLACK RANGER



Hi! Talking to our fans means more to me than you can know! I've had lots of letters asking me what it's like to be the new Black Ranger! Haven't I got a lot to live up to because Zack was such a cool guy? And am I better than the first Black Ranger?

Well, what I want to say to you all is this: **I'm not better than Zack...and I'm not worse either!** I'm just different. We're all different, you, me, Bulk, Skull...hey, some people are more different than others! But seriously, this means we all have different talents. We're good at some things, and not so good at others...that's what makes us special...and unique!

Some people can do things that others can't, and I bet you can do things that that some of your friends can't! And that can be very valuable - especially if you work together and help each other. That's what teamwork is all about. **The Power Rangers may be different now, but we're still a team.....**

And we always will be!

THE LION THUNDERZORD

Piloted by the Black Ranger from a control cabin in its head, the Lion Thunderzord, with its black and gold colouring, is ready to spring into action whenever it is needed. Powerful engines drive its front legs, allowing it to race at great speed to any danger spot.

When teamwork is needed to defeat a monster the five Thunderzords come together to make one awesome Warrior - the Thunder Megazord. Each Thunderzord becoming part of the mighty whole. While the other Zords form the arms, legs and head of the Megazord, the Lion Thunderzord's body carries the central Command Deck, the nerve centre of the giant warrior Thunder Megazord.

When the Thunder Megazord is summoned, the back section of the Lion Thunderzord is tipped up by mammoth motors. It attaches to the red Dragon Zord in Warrior Mode to form the chest plate of the Thunder Megazord, with its giant circular viewing port, behind which sit the five control consoles manned by our heroes. From this command deck the Power Rangers can operate the giant Zord as it battles against Lord Zedd's latest monster.

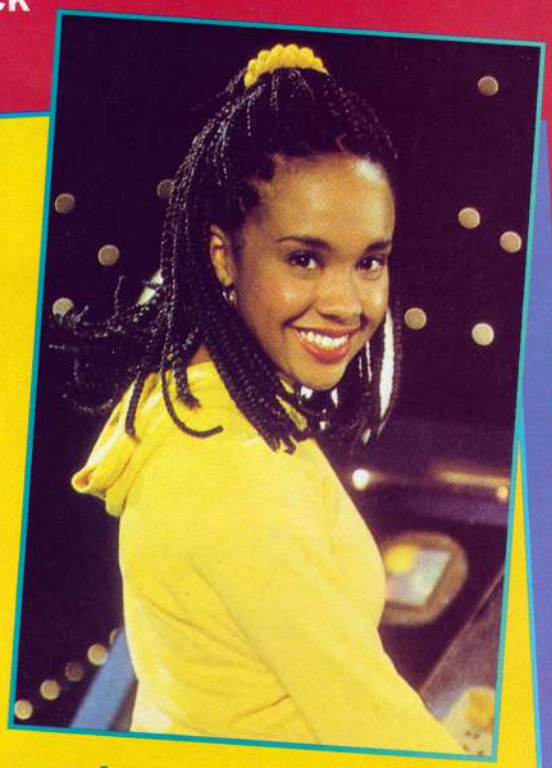
THE NEW YELLOW RANGER

AISHA

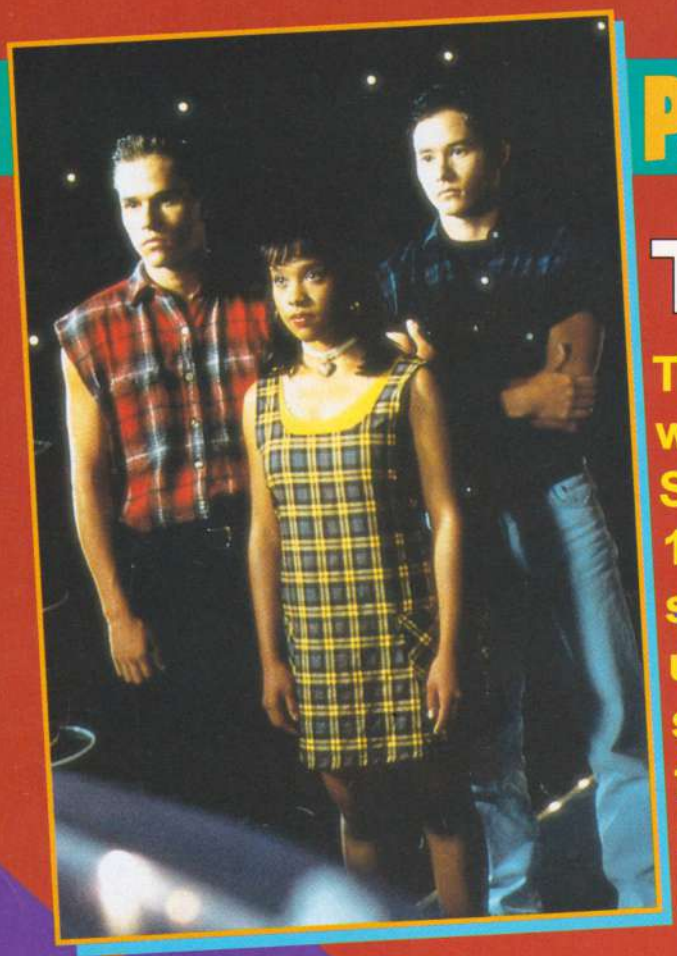
THE CHARACTER

Empowered by the spirit of the Sabretooth Tiger, Aisha Campbell makes a fearless addition to the team. She is a bubbly, outgoing girl and her jolly, fun-loving attitude makes people around her feel good, too. She also likes to talk. She has an opinion on almost everything and is not afraid to give it, although this means she'll sometimes say the wrong thing - but she is always very quick to put things right.



Since she moved from Stone Canyon High School she has become very popular in Angel Grove, especially among the shop owners. She loves to shop almost as much as Kimberly, and their shared love of fashion made them best friends immediately. Their mammoth shopping expeditions together are legendary!

Aisha loves partying and is a keen hip-hop dancer. She says it's also a great way to keep fit!



THE ACTRESS

The multi-talented Karan Ashley was born in Odessa, Texas on September 28th 1975, where she lived until she was six, when her family moved to Dallas.

Unlike most of her fellow actors, she had no real martial arts training before she joined the show and won the role of Aisha on the strength of her amazing hip-hop dancing skills.

But Karan is no stranger to fame. She seems to have spent her life in the spotlight. For five years she was a singer with a group called Krush. Their most famous song "Let's get Together" was even used in a film called "Mo' Money", although they didn't get to appear in it themselves.

And do Karan's talents end with singing and dancing?

No, there's more. She has had small parts in several other American TV programmes like "Walker, Texas Ranger" and "Scratch TV" before she became a Power Ranger. She even found time to do some modelling, appearing in a wide variety of magazine adverts! But as Karan says, "Basically my life is what I do. I'm lucky to have been able to turn it into a career. I feel really blessed."

YELLOW RANGER QUICK QUIZ!

1. Who was the original Yellow Ranger?
2. Why did she leave the team?

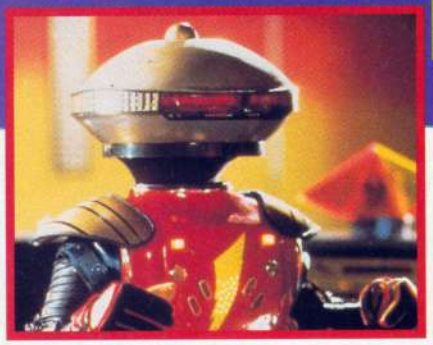
ALPHA'S ESSENTIAL MONSTER ANALYSIS



THE SNIZZARD

OCCUPATION
Snake in the Grass.

APPEARANCE
Slithery, wriggly, red-eyed and multi-fanged.

POWERS
Snizzard fires writhing snakes from a special opening in his stomach! These ruthless reptiles coil tightly around the victim, draining their power!

PLUS POINTS
His enthusiasm. Snizz just loves his work!

WEAKNESS
His weak spot is the apple on top of his head. (Ai ai ai! Don't ask me why he wears an apple on top of his head - all Rita's monsters are loopy in some way!)

SPECIAL WEAPONS
Snizzard is an expert archer. His ultimate weapon is the Arrow of Doom, which he fires at his foes while they are helplessly trapped in the coils of his pet serpents!

BIGGEST DISAPPOINTMENT
When Kimberly zapped him with her Power Bow! She proved she was the greatest archer of the two, when she hit Snizz's golden apple - blowing him away in a shower of sparks!

LIKES
Being Sssssneaky!

DISLIKES
Kimberley

DANGER FACTOR
85% PLUS! Because Snizzard never grew to giant size, we can't be completely sure of his strength! Let's hope he never gets a chance to show us what he can really do!

LIKELIHOOD OF FACING THE RANGERS AGAIN
75% It seems very likely that Rita and Zedd will send him against the Rangers again, because this slithery serpent proved to be such a slippery customer!

SABAN INTERNATIONAL

MONSTER MASH

If we want to keep beating Lord Zedd's creepy creatures we have to learn from every battle! So here's a special analysis of our rumble with SPIDER MONSTER.

SPIDER SQUASH!

No, *Spider squash* isn't a disgusting new drink invented by Rita! It's my name for our titanic tussle with Rita's Spider monster!

YEE-IKES! Spiders can be pretty scarey even when they're this size! Remember Zack freaking out when Bulk and Skull let the insects run amok at school?

So now imagine how scarey a bug the size of a man is! Here's the SPIDER MONSTER as it first appeared in Angel Grove Park. But Rita wasn't satisfied with that - she made it GROW - as usual! She's full of NEW ideas isn't she?!

SPIDER MONSTER ANALYSIS

WEAPONS.....

Icky web spray, web-trap, lightning ray-blasts, exploding spider-spine mini rockets.

TACTICS.....

When facing this horror, you might be frozen with fright! This is the worst thing that could happen - SPIDER MONSTER's tactics are to first squirt you with his sticky web spray, then catch you in his clinging web, and finally to frazzle you with electro-rays! So you have to keep moving!

RANGER DANGER FACTOR: 93%

The Spider made short work of the Megazord! Ai ai ai! as you can see from this action picture it was trapped in the Spider's web!

RESPONSE....

The Power Teens learn quickly! The Megazord was disengaged, and the Dinozords fought on. This bought the team time to recover. Here's Jason's Tyrannosaurus Dinozord leaping into thunderous action.

TOMMY: 'Let's bring our Zords together and flatten this bug!"

TEAMWORK.....

Being a team is the great strength of the Power Rangers! Tommy is called into action, and here the Dragonzord is preparing to do battle with the eight-legged evil-doer!

THE FINAL SHOWDOWN.....

The Mega Dragonzord is only formed when there's no other choice! Here it is, powering up for the ultimate showdown! In seconds it squished the Spider with its an energy-charged power lance! ZAP! The hairy-legged horror was blown to itsy bitsy pieces!

FINSTER'S MONSTERS

Greetings again, Earthling juniors! Isn't Hallowe'en just the most exciting time? It's a wonderful chance to research new monsters!

I was reading about one from Earth just the other day. It was a WEREWOLF! Hmm, now something like that ought to make things a little hairy for the Power rangers!

Werewolf is a man who turns into a wolf whenever the full moon appears. There is even a long word for it. It's LYCANTHROPY! Werewolves have appeared in European legends for centuries because wolves were once very common and roamed the forests. They were one of the things of which villagers were most afraid. If someone was bitten by a wolf, it was said that once a month, they would change into a wolf themselves! They even had a rhyme about it:

Even a man who is pure in heart
and says his prayers by night
May become a wolf when the wolfbane blooms
And the moon is full and bright!

But what's the use of something that is only a monster for three days a month and then turns back to an ordinary human being? Oh well, back to the drawing board!
NEXT ISSUE:
Meet that big *bully* the Minotaur!

ESCAPE FROM THE MISTS OF ILLUSION

Lord Zedd has trapped you and your friends in the Mists of Illusion! Only a Power Ranger can guide you to safety!

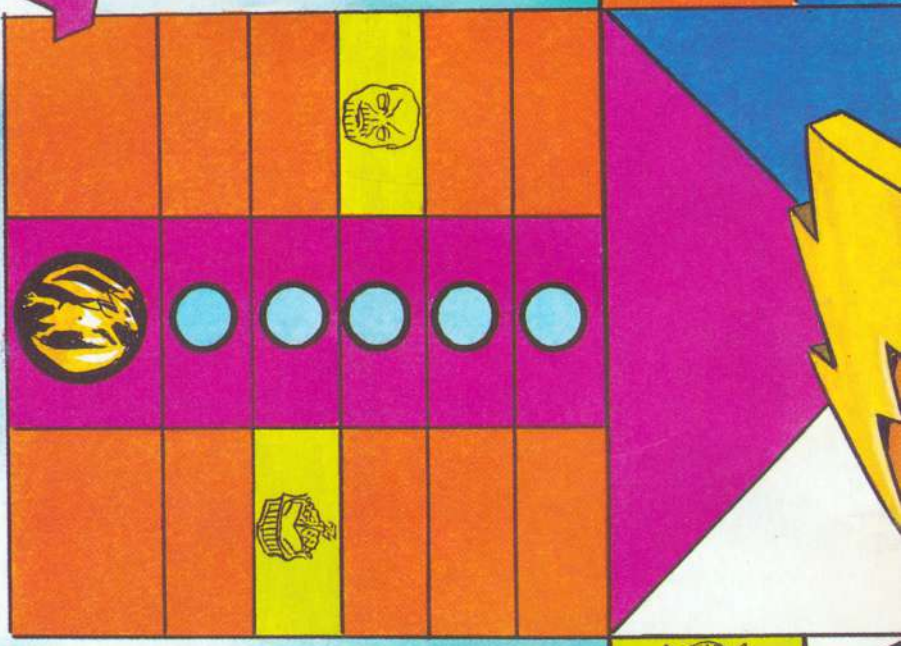
How to play: Each player places four counters of one colour with the Ranger of their choice. Throw a dice to see who goes first - the player who scores highest starts.

Each player starts on the square marked with a large coloured arrow and then travels through the mists in a clockwise direction until they first reach a square in their own colour. They are then safe to pass into the Command Centre.

Beware...whenever you land on a monster square you are zapped back to where you started!

BONUS! If you throw a six or if you land on a Power Coin square you get an extra throw! You can move *any* of your counters whenever it's your go!

The first player to get all four counters safely in the Command Centre wins!



ARE YOU A ZEDD-HEAD OR

RITA'S HALLOWE'E

Admit it! Are you one of those silly people who always read your Zodiac? If it says something good you believe every word of it, and if it says something bad you think: What RUBBISH! Well, it IS all rubbish! I can tell you more about your personality than your star sign can. It's very simple. It all depends on who your favourite MONSTER is!

Choose your TOP TERROR, then read all about yourself!

GOLDAR

Goldar is the biggest moaner in the universe! If you like Goldar you might be a grouch too! Goldar loves creeping to whoever is boss, and saying things like "Yes, Master, whatever you say Master," and "What a perfect plan, Master!" If someone in your class is a horrible crawling creep they're probably a GOLDARIAN!

SQUATT

This big blue bungler is always getting things wrong! If you like Squatt then it's probably because you feel sorry for him. I'm sorry to say you are far too nice! Sort yourself out!

A BABOO-N? FIND OUT IN

N HORROR-SCOPE

FINSTER

Finster is an inventive person with lots of ideas. If you like him, the chances are that you are very imaginativre too! But be careful - some of Finster's ideas are completely bonkers! I hope you aren't as batty as he is!

BABOO

He's probably the most timid monster in this Horror-scope, so if you like Baboo best, you're probably a real softie at heart! Baboo-fans or BABOO-Ns as we call them, always need to be told what to do, and then can't do what they're told!

CHUNKY CHICKEN

One of the silliest monsters ever to appear on the show, Chunky Chicken is a bird-brain! You probably like him because he is so daft, he makes you feel sensible! If you're a Chunkster, I hope you aren't quite as squawking mad as your favourite monster!

LORD ZEDD

My horror-hubby thinks he is the top banana in the universe! Be careful not to be as bossy as he is! Zedd-Heads have one big advantage. They always believe everything they do is right! They don't listen to other people's opinions because they are so busy shouting they can't hear anyone else! Of course, Auntie Rita isn't like that at all is she, my dears?!

RITA

Rita -fans are intelligent, cool, party people. As we all know, Rita is incredibly beautiful, and her admirers are often good-looking too, although of course nowhere near her cosmic beauty! Oh dear, I could write about myself all day! Unfortunately I'm running out of space!

I hope you enjoyed my just-for-fun HORROR-SCOPE! Now why not try it out on your friends or family. Get them to choose a favourite monster, then tell them how monstrous they are!

RITA

HI, PUTTY-HEADS! Thank you for all your horrible Hallowe'en cards, wishing me an unhappy Hallowe'en! Let's see what crawls out of my mailsack this ish...

Dear Rita Repulsa,
You are the most hideous, whacked out space villain ever. As soon as I found out they were making a movie I rushed to see it. It was a pity you had to stay in a jar with Lord Zedd all the time, but it was amazing how on the small screen you begged for mercy, but in the film you were insulting him!
Yours sickeningly,
SAM ROBERTS.

Of course it's easy for me to insult Zeddy baby now, because we're married! Being able to shout at each other is what marriage is all about...just ask your parents!

To Rita,
I hope you join the Power Rangers because you will be a good hero with them.
STUART McLEAN, age 8.

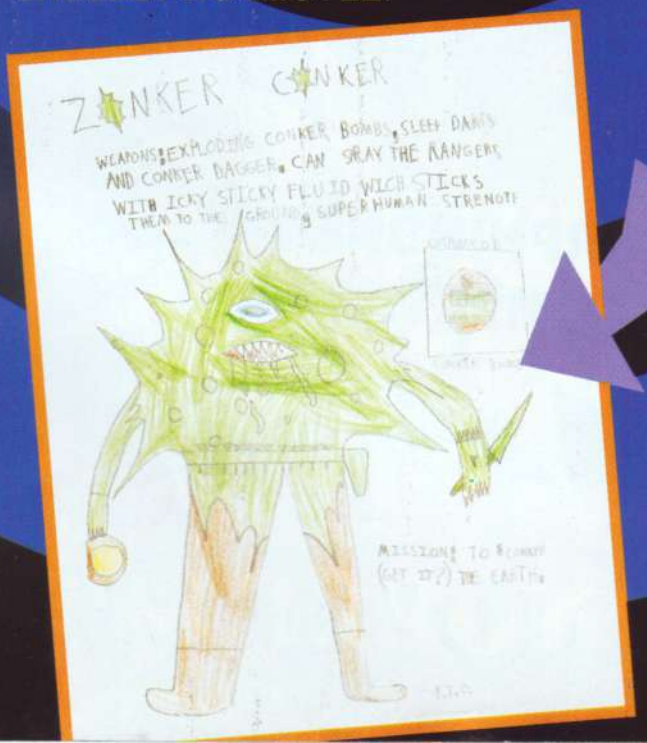
AAAAAAAAAAAAAAAGH! ME join the Power Geeks???!!!! You must be crazy! DO I look like a BRAT? Do I have the brain of a DINOSAUR? Could I take orders from that out-of-focus windbag Zordon?! I don't think so! Oh dear, I'm sure you were only joking Stuart, but your letter has given me SUCH a headache! Where's Squatt? I need to WALLOP somebody!

ZONE

Yo Rita!
I have an excellent punishment for Zordon and his Morphons the Power Rangers. How about turning them onto your side like you did with Tommy the Green Ranger. Why don't you cast a spell on your Putty Patrollers to make them speak? I think they sound stupid saying "BlRBLBL".
See you later Rita,
ANDY FOX, Popley, Basingstoke.

But Andy, if I turned the Power Brats over to my side, then I'd have to put up with them hanging around my palace, slurping fruit juice (YUK) all day, and practising their silly Kung Fu! I don't think I could STAND it! AND I'd miss out on all the fun of HATING them!

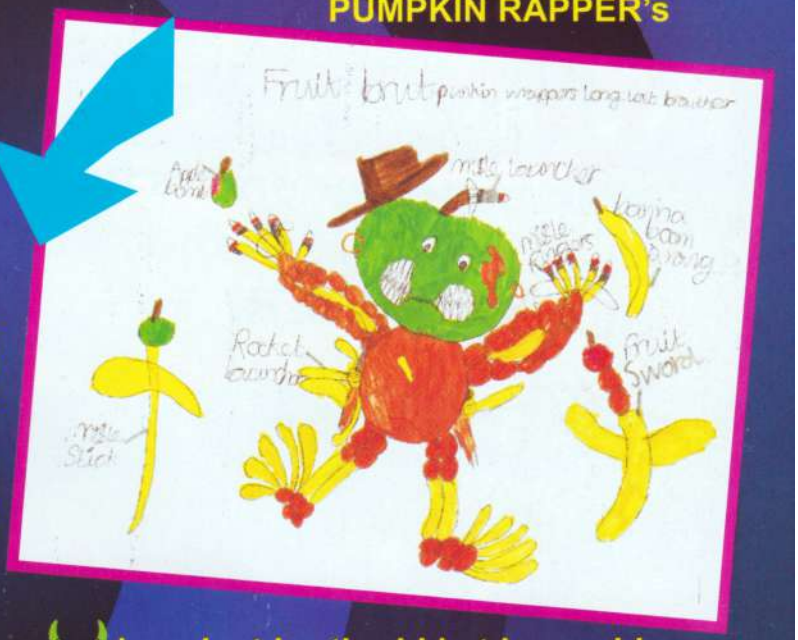
Dear Rita,
I've got a little brat of brother who's always annoying me. Could you please teach me some tricks. I would be very pleased if you could. Give my love to the monsters.
SHELLEY NORMOYLE.



ZONKER
ZONKER
WEAPONS: EXPLODING CONKER BOMBS, SLEEP DARTS AND CONKER DAGGER. CAN SPRAY THE RANGERS WITH ICKY STICKY FLUID WICH STICKS THEM TO THE GROUND & SUPER HUMAN STRENGTH

So, you're stuck with an annoying little brother! But imagine how annoying it is for **me** being pestered by **six** soppy teenagers! **Also** I have to put up with an indescribable husband and a house full of goofy monsters! You've got it easy! Still, I do feel sorry for you Shelley, and suggest you turn him into a daddy-longlegs. There - aren't family problems easy to solve?

This issue's MONSTER HARVEST features FRUIT BRUTE! This juicy juggernaut, thought up by DARREN CROSS of Evesham, Worcs, is PUMPKIN RAPPER's



long lost brother! I bet he could make Power JUICE out of the Rangers. By the way, I love his hat - not quite as cool as mine, of course!

Here's the prickly powerhouse created by William Clunas, age 8 from London N4. The monster is called ZONKER CONKER and William says:
"His mission is to 'CONKER' (GET IT?) the Earth!"

I love to hear about how much you HATE the Rangers! Send me your monstrous mail today, to:
